**MESSAGE FOR SPECIAL 600TH ISSUE OF
CHANAKYA TRI-SERVICE MAGAZINE**

Dear Mr Naveen Kaul,

1. The 600th issue of **Chanakya Aerospace Defence & Maritime Review** very aptly coincides with the Def Expo 22 and provides a comprehensive and informative insight into major happenings on the Indian Defence Landscape, especially in the field of capability development in the Land, Air & Maritime domains, through well researched and informative content.
2. The magazine through its various editions has been providing an accurate picture of efforts towards ensuring self-reliance in the field of defence production under **Atmanirbhar Bharat**. The special coverage of the **Make in India** projects has been instrumental in projecting and advancing the **vision of an increasingly self-reliant India, worldwide**.
3. I am sanguine that this special issue will enlighten readers with regards to various endeavours that are underway to create a stronger and future-ready force. I wish Chanakya Aerospace Defence & Maritime Review, the very best in its intellectual and literary pursuits.

'Jai Hind'

*Warm regards
Yours Sincerely
Manoj Pandey*
