MESSAGE

1. Chanakya Aerospace Defence & Maritime Review has been making significant contribution, showcasing the development and progress in the field of Aerospace and Defence. With a wide readership base, the Magazine has spearheaded discussions and analysis of various security imperatives of the country. It is indeed heartening to note that this Defence news Monthly is entering its 50th year of publishing.
2. Aero India 2019, being organised at Bengaluru during Feb 19, is an ideal platform for interaction between the Industry Partners and the Services. Aviation Industry in India, both military and civil, is poised for unprecedented growth. With major thrust from the Govt for *Make-in-India* and appropriate eco-system in place, the Industry Partners are rightly placed to seize the opportunity and initiative.
3. In this Golden Jubilee year, I wish the Chanakya Aerospace Defence & Maritime Review, the very best in all future endeavours.

Jai Hind.

Dated : 18 Jan 19

Place : New Delhi

(Ajit Kumar P)

Vice Admiral

Vice Chief of the Naval Staff
